

Homewood Rail Committee

Mural Sponsorship Agreement

This agreement is between the Village of Homewood Rail Committee (Village) and _____ (Sponsor) and pertains to the financial sponsorship of the costs of reproducing artwork developed by students at Homewood-Flossmoor High School onto mural panels to be installed in the Homewood METRA pedestrian tunnel as part of a public art and beautification project.

The sponsor will select an image from those provided by Homewood-Flossmoor students in a program coordinated by the Village. Only one mural panel from a specific image will be reproduced. The Village will arrange for student artwork to be digitally reproduced in full color on a durable and colorfast 3'x5' hardboard panel. The Village will arrange to have the panels mounted in the pedestrian tunnel and all panels will be covered with a protective plexi-glass covering.

Mural sponsorship fee is \$500.00, payable at the start of the sponsorship term, which will cover the costs of reproducing the artwork onto panels, a mounting frame, a plexi-glass covering and installation in the pedestrian tunnel. The Village agrees to clean and maintain the panels from ordinary wear for a period of 5 years (term) after installation of a panel. At the end of the term, the Village may elect to continue to display the panel for an additional fee if necessary or remove the panel. Once removed, panels will become the property of the sponsor.

As part of the sponsorship fee, a section will be located on the mural panels, which will identify the artists name, the artwork title (if any) and the Sponsor name and/or business logo. The Village reserves the right to approve artwork, sponsors and sponsorship wording and logo. Additionally, the Sponsor agrees the Village may use the Sponsor's name and sponsored image in press releases, on the Village website and in any publications developed by the Village. For information on this program, please contact Community Information Coordinator Rachael Jones.
